

The Viceroy Advantage

10 REASONS WHY YOU SHOULD BUY A VICEROY HOME...

www.viceroy.com

1) More Features & Superior Quality

Viceroy manufactures its own building components and sells direct to you. Our R&D department is always exploring new ways and products to ensure you the client get the best home possible.

2) Management

Although Gaylord Lindal is no longer around, our Chairman, Bob Hammell, has been with Viceroy since 1976. Yes, that's coming up to 50 years in October 2026. What this means to you is that your warranty will be honoured without excuses or hesitation.

3) Finest Windows

Viceroy's windows are second to none! Our Energy Star® Windows are regarded as the finest in the industry, bringing you the maintenance free durability of Vinyl with Fiberglass, Wood, and Aluminum options available upon request. You get the best of all worlds.

4) Connected

Viceroy, through its exclusive nation-wide associations with financial institutions, can give you construction financing to build your home and mortgage financing on your complete home.

5) Low Maintenance

With a Viceroy you won't have to climb a ladder or lift a paintbrush for years. Windows, doors, siding, fascia, soffit, skylights and screen porches are virtually maintenance free.

6) ISO Certified

Viceroy is a nationally respected corporation that is ISO certified, with millions of dollars in cash reserves. This is your assurance that the Company has the financial stability to entrust us with your money, with absolute safety and confidence.

7) Award Winning Manufacturer

Viceroy has won more awards than any other pre-engineered home manufacturer in Canada. Viceroy's designs are constantly being updated to reflect lifestyle changes and advances in technology.

8) Experienced Team

Viceroy has an experienced team of professional architects and engineers on its staff. This means you receive professional design and engineering service.

9) Great Resale

Viceroy homes have a greater resale value than any other custom home. That's why Realtors routinely mention Viceroy in their ads. They know Viceroy homes sell faster at higher prices.

10) Energy Efficient

Energy efficiency. Viceroy pioneered extra thick insulation in the walls and ceilings and super insulated windows with high performance low E glass. Your Viceroy will be comfortable and economical to live in year round.

Celebrating Over 50 Years
